AAVIN MEZZANINE FUND, LP
NOTES TO FINANCIAL STATEMENTS
September 30, 2017

1. Nature of business and significant accounting policies

Organization and nature of business

AAVIN Mezzanine Fund, LP (the "Partnership") is a limited partnership organized under the laws of the State of Delaware to operate as a mezzanine and private equity fund to provide debt and equity capital to small later stage businesses throughout the United States. The Partnership was formed on October 10, 2014 and commenced operations on October 31, 2014 under the Amended and Restated Agreement of Limited Partnership ("Agreement"). Effective January 7, 2015, the United States Small Business Administration ("SBA") approved the Partnership's license application to operate as a Small Business Investment Company ("SBIC") under the provisions of Section 301(c) of the Small Business Investment Act of 1958, as amended. As of December 31, 2016 and 2015, the Partnership consists of 40 and 41 limited partners, respectively, and a General Partner, AAVIN Mezzanine, LLC. The Partnership's fiscal year ends December 31. Significant accounting policies followed by the Partnership are presented below.

Under the Agreement, the Partnership shall continue until the first to occur of the following: (1) withdrawal, dissolution or bankruptcy of the General Partner, or (2) the later of October 10, 2024 or two years after all outstanding SBA leverage has matured, subject to two additional one year extensions to such date in the sole discretion of the General Partner or (3) at the election of the General Partner and a majority interest of the Limited Partners after October 10, 2024 if all outstanding SBA leverage has been repaid and all amounts due the SBA have been paid.

The Partnership owns all of the outstanding stock of AAVIN TTP Holdings, Inc., AAVIN B12 Holdings, Inc., AAVIN Verrex, Inc. and AAVIN Montana Silversmith, Inc. AAVIN TTP Holdings, Inc. was incorporated on June 14, 2015, AAVIN B12 Holdings, Inc. was incorporated on November 13, 2015, AAVIN Verrex, Inc. was incorporated on June 16, 2016 and AAVIN Montana Silversmith, Inc. was incorporated on June 28, 2016. These corporations were established as "blocker corporations" in order to avoid unrelated business taxable income generated from limited liability company investments. The blocker corporations hold the equity portion of the Partnership's investments in Transfer Tool Holdings, LLC, B12 Transportation Group, LLC, Verrex, LLC and Montana Silversmiths Holdings, LLC.

Principles of consolidation

The accompanying consolidated financial statements include the accounts of AAVIN Mezzanine Fund, LP, AAVIN TTP Holdings, Inc., AAVIN B12 Holdings, Inc., AAVIN Verrex, Inc. and AAVIN Montana Silversmith, Inc. AAVIN TTP Holdings, Inc., AAVIN B12 Holdings, Inc., AAVIN Verrex, Inc. and AAVIN Montana Silversmith, Inc. are wholly-owned subsidiaries of AAVIN Mezzanine Fund, LP. All material intercompany transactions have been eliminated in combination.

1. Nature of business and significant accounting policies, continued

Basis of accounting

The accompanying financial statements have been prepared on a basis of accounting prescribed by the U.S. Small Business Administration which is a basis of accounting other than accounting principles generally accepted in the United States of America ("U.S. GAAP"). Some of the key considerations are as follows:

Investment securities included in the financial statements have been valued by the General Partner using the valuation criteria applicable to the licensee. The valuation criteria was established in accordance with Section 310(d)(2) of the Small Business Investment Act of 1958, as amended. The reported value used for equity securities in the Statement of Financial Position (also known as "SBA Guideline Value"), must be determined in accordance with a licensee's valuation policy and is reported by the SBIC as of a measurement date in accordance with SBIC 13 CFR 107.503. Reported value may differ in certain instances from fair value, which is the measurement of value that would comply with U.S. GAAP. FASB ASC 820-10, *Fair Value Measurements*, defines the value in accordance with U.S. GAAP as the "price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date." The primary differences between the two measurements are that in the case of values determined in accordance with SBA Guideline Value (i) an increase in value above cost may only be reflected in reported value if there is a specific permitted basis under the licensee's valuation policy; (ii) liquidity (or "blockage") discounts, which are prohibited under U.S. GAAP, must be considered for inclusion in reported value; (iii) the reported value of interest-bearing securities is not adjusted for changes in interest rates. It is expected that reported value will not exceed, but may be less than, "fair" value in accordance with GAAP. The differences between reported values and U.S. GAAP reported fair values may be significant.

There may also be other differences between SBA-basis financial statements and U.S. GAAP-basis financial statements including, but not limited to, the treatment of unrealized gains and losses, and presentation of financial highlights.

Investments

Investment securities of the Partnership are included in the Consolidated Statements of Financial Position at SBA Guideline Value, as described previously. Investments for which no active public market exists are valued at SBA Guideline Value as determined in good faith by the General Partner and approved by the investment committee of the General Partner, based on all relevant factors. The investments are carried at cost until events subsequent to the date of investment indicate that cost is not the best measure of SBA Guideline Value. If such events have occurred, the value will be determined by taking into consideration the cost of the securities; developments concerning the company to which the securities relate subsequent to the acquisition of the securities; any financial statements and projections of the company provided to the General Partner; and, such other factor or factors as the General Partner may deem relevant. Among the factors considered in determining the reported value of investments will be the cost of the

1. Nature of business and significant accounting policies, continued

Investments, continued

investment; developments subsequent to the acquisition of the investment, including recent financing transactions; the financial condition and operating results of the portfolio investment, market values for similar securities, the long-term potential of the business of the portfolio investment; overall market conditions and other factors generally pertinent to the valuation of investments. As of September 30, 2017, the Partnership had made nine investments, which are all carried at cost, except CPI Luxury Group which was fully repaid as of June 30, 2017. Management expects to call the remaining capital from limited partners over the next three to five years and identify additional companies for investments.

In the valuation process, the General Partner uses financial information received monthly, quarterly, and annually from the portfolio companies which will include both audited and unaudited financial statements. This information is used to determine financial condition, performance, and valuation of the portfolio investments.

The value of certain investments may also be adjusted to equate to a subsequent significant equity financing that includes a sophisticated, unrelated new investor. An investment may be valued at less than cost if the investee shows a significant fundamental deterioration in financial position or operating results or has defaulted under the terms of its agreement with the Partnership.

Investments whose values have been estimated by the General Partner, and approved by the investment committee, of $9,062,179 of equity securities and $10,785,659 of secured loans (See Note 2) represent 46% and 54%, respectively, of total assets at September 30, 2017. The Partnership has made two new investments to date in 2017.

Use of estimates in preparing financial statements

The preparation of financial statements in conformity with accounting practices prescribed by the SBA requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The most significant estimate is the estimate of the SBA guideline value of equity investments, which is subject to significant market risk and could differ materially from actual values realized.

Concentration of credit risk

The Partnership maintains its cash and cash equivalents at one financial institution. The balances are insured by the Federal Deposit Insurance Corporation ("FDIC") up to $250,000. As of September 30, 2017, had no uninsured cash balances.

1. Nature of business and significant accounting policies, continued

Cash and cash equivalents
The Partnership considers highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

Deferred financing costs
Costs associated with issuing SBA debentures are capitalized and amortized over the term of the related debenture. The Partnership has incurred $483,915 in deferred financing costs as of September 30, 2017. These costs are being amortized over 4 to 10 years. Accumulated amortization of these costs as of September 30, 2017 was $143,069.

Partners' capital – distributions and allocation of gain and loss
Capital contributions are credited to the partners' capital accounts when received by the Partnership. Capital distributions are debited to the partners' capital accounts when paid. Income and losses are allocated to the partners' accounts in accordance with the Agreement as described below.

Distributions to partners are generally made (i) first, to the partners in proportion to their respective capital contributions until they have received distributions equal to their capital contributions with respect to all realized investments and the pro rata expenses of the Partnership with respect to all realized investments; (ii) thereafter 80% to the partners in proportion to their respective capital contributions and 20% to the General Partner.

Net profits and net losses of the Partnership will be allocated to the partners' respective capital accounts in a manner consistent with distributions.

Revenue recognition
Interest income is recorded on the accrual basis. When in the judgement of management, the collectability of such income is doubtful, a reserve for loss account is established to the extent there is doubt as to the collection of the amounts accrued. The Partnership recorded reserves as a reduction of interest income totaling $147,345 as of September 30, 2017. Dividend income is recognized on the date the dividend is declared and payable.

Amounts reported as realized gains or losses on investments will be measured by the difference between the net proceeds of sale or write-off and the cost basis of the investment on the specific identification method, without regard to unrealized gains and losses. The cost of securities that have, in the General Partner's judgment, become worthless, are written off and reported as realized losses.

Unrealized appreciation/depreciation on investments
Unrealized appreciation is recognized for valuations above cost and unrealized depreciation is recognized for valuations below cost. Such changes are recorded as direct increases or decreases to partners' capital for SBA reporting purposes.

1. Nature of business and significant accounting policies, continued

Income taxes

The Partnership, with the consent of its partners, has elected to be taxed under sections of the federal and state income tax law as a Partnership. As a result of this election, no income taxes are paid by the Partnership. Instead, the partners separately pay tax on their pro rata allocation of the Partnership's income, deductions, losses and credits.

2. Loans

Subordinated secured loans are included with investments in the consolidated statements of financial position and consist of the following as of September 30, 2017:

Company	Date of Advance	Principal Advanced	Loan Terms
B12 Transportation Group, LLC	12/7/2015	$ 817,607	Note accrues interest payable monthly on the principal balance at a rate of 11% per annum. Rate will increase to 12% on 12/7/16, 13% on 12/7/17, and 14% on 12/7/18. Principal balance is due at maturity on 12/7/20.
CPI Luxury Group	6/30/2016	Repaid 1/20/17 & 6/30/17	
Montana SilverSmiths LLC	10/28/2016	1,244,250	Note accrues interest payable monthly on the principal balance at a rate of 13% per annum. Additional, payment-in-kind (PIK) interest compounded monthly at a rate of 4% and added to principal balance. Principal balance is due at maturity on 10/27/21.
Odessa AIM Holdings, Inc.	8/31/2016	2,630,561	Note accrues interest payable monthly at a rate of 14% per annum until maturity on 8/31/21.
SPI Acquisition Holdings Inc.	12/28/2016	2,069,010	Note accrues interest payable monthly on the principal balance at a rate of 12% per annum. Additionally, payment-in-kind (PIK) interest compounded monthly at a rate of 1% and added to principal balance. Principal balance is due at maturity on 12/28/21.
Transfer Tool Holdings, LLC	8/10/2015	1,064,934	Note accrues interest payable monthly at a rate of 14% per annum until maturity on 8/10/20.
Transfer Tool Holdings, LLC	11/3/2016	59,577	Note accrues interest payable monthly at a rate of 14% per annum until maturity on 8/10/20.
Transfer Tool Holdings, LLC	4/14/2017	91,018	Note accrues interest payable monthly at a rate of 14% per annum until maturity on 8/10/20.
Verrex, LLC	7/21/2016	888,702	Note accrues interest payable monthly on the principal balance at a rate of 14% per annum until maturity on 8/10/20.
WSC Holdco, Inc.	3/10/2017	1,920,000	Note accrues interest payable monthly on the principal balance at a rate of 14% per annum until maturity on 3/11/22.
Total Subordinated Secured Loans		$ 10,785,659	

2. Loans, continued

Interest income earned on loans detailed above was $1,087,665 for the nine months ended September 30, 2017. The Partnership had accrued interest receivable of $107,687 (net of reserve of $147,345) as of September 30, 2017.

The above loans are secured by substantially all the assets of the respective companies. The Partnership's claim is subordinate to the respective companies' bank debt. Loan balances are included in the cost of investments on the balance sheet (see Note 1, Investments).

3. Small Business Administration debenture securities

The Partnership is a Small Business Investment Company (SBIC) that makes long-term investments in American small businesses and is licensed by the United States Small Business Administration ("SBA"). The principal reason for the Partnership to become licensed as an SBIC was access to financing (Leverage) provided by SBA.

Once licensed, SBICs obtain Leverage by reserving a "Leverage Commitment" and then drawing down Leverage from the Commitment. Leverage Commitments may be obtained at the time of licensing for an amount up to one tier of Leverage and thereafter for up to two tiers of Leverage. Ultimately, the Partnership may potentially draw two dollars of leverage from the SBA for each dollar of private partner capital.

When a Leverage Commitment is issued, the SBIC pays a "one time" commitment fee that is 1 percent of the total Commitment. Each commitment issuance is conditioned upon the Partnership's creditworthiness (as determined by SBA) and full compliance with all other SBA requirements set forth in 13 CFR 107.1200-1240 of the Federal Register.

3. Small Business Administration debenture securities, continued

Once a Commitment is in place, the SBA provides leverage in the form of "Debentures." Debentures are unsecured ten-year loans that have interest only payable semi-annually. Debentures bear a temporary interest rate based on LIBOR until they are pooled and sold to the public. The interest rate (excluding the annual SBA "Charge" described below) on these Debentures is fixed when the SBA pools Debentures from various SBICs and sells them to the public, with the pooled Debentures having a 10-year maturity from the sale date.

Each time an SBIC draws leverage on a commitment the draw proceeds are reduced by a SBA fee of 2.425%, which is comprised of: 2% SBA user fee, .375% underwriters' fee and .05% administrative fee.

The following table summarizes the Cost of SBA Leverage as previously described:

	Amount	Description
One Time Costs:		
Commitment Fee	1%	Paid at time commitment is issued
Leverage Fee	2.425%	Reduces proceeds each time the Partnership draws funds Comprised of: SBA user fee 2%, underwriters' fee .0375%, administrative fee .05%
Annual Fees:		
Interim Rate	Libor + 30 basis points, plus annual SBA charge on commitment	Temporary rate paid from the date of draw until the debenture is pooled
Pooled Rate	10 year Treasury Rate, plus premium required by purchasers and annual SBA charge on commitment	Fixed rate paid from pooling date to maturity of 10 year debenture

The SBA committed on February 12, 2015, to reserve Leverage in the amount of $20,030,000, to be issued to the Partnership on or prior to September 30, 2019. The amount of the annual "Charge" is determined in the fiscal year in which a Leverage Commitment is issued and applies to all Leverage issued pursuant to that Commitment. The annual "Charge" on the current Commitment is .742%. The Partnership paid a fee of $200,300 for this commitment and is being amortized on a straight-line basis until the commitment expires.

Leverage fees incurred on draws taken down from the SBA total $483,915, and are being amortized over the ten-year term of the leverage drawn on a straight-line basis. Amortization expense recorded for the nine months ended September 30, 2017 totaled $50,685.

3. Small Business Administration debenture securities, continued

To date the Partnership had drawn a total of $11,680,000 from the first-tier commitment of $20,300,000 with $8,620,000 still available to be drawn. The Partnership has applied the second-tier commitment of $20,755,000 in May 2017.

The following schedule details the Partnership draws from the SBA, interest paid for the nine months ended September 30, 2017 and accrued interest as of September 30, 2017.

Date	Maturity	Total Pooled Rate	Draw Amount	Accrued Interest at 12/31/16	2017 Interest Paid through 9/30/17	Accrued Interest at 9/30/17	Interest Expense for the nine months ended 9/30/17
Pooled Debentures:							
8/6/2015	9/1/2025	3.571%	$ 825,000	$ 9,739	$ 29,461	$ 2,260	$ 21,982
12/21/2015	3/1/2026	3.249%	1,700,000	18,260	55,233	4,237	41,210
2/19/2016	3/1/2026	3.249%	375,000	4,028	12,184	935	9,090
7/27/2016	9/1/2026	2.793%	1,100,000	8,470	29,040	2,357	22,926
8/23/2016	9/1/2026	2.793%	150,000	1,155	3,960	321	3,126
9/2/2016	9/1/2026	2.793%	2,080,000	16,016	54,911	4,457	43,352
9/16/2016	3/1/2027	2.845%	1,225,000	8,332	34,029	3,371	29,068
11/10/2016	3/1/2027	2.845%	2,225,000	6,720	52,427	6,122	51,829
9/5/2017	9/1/2027	2.518%	1,500,000	-	1,407	1,863	3,270
9/25/2017	Not yet pooled		500,000			175	175
			$ 11,680,000	72,720	272,651	$ 26,097	$ 226,028

4. Management agreement and related party transactions

The General Partner has contracted with AAVIN Equity Advisors, LLC ("AAVIN") to manage the Partnership's activities. Under the terms of the Management Agreement ("agreement"), AAVIN provides essentially all of the management and administrative services required by the Partnership. The Management Agreement expires upon termination of the Partnership. The management fee is based on the total amount of capital under management (regulatory capital plus assumed SBA leverage). The management fee will be up to 2.5% of the total amount of capital under management for the five years following the initial closing, and thereafter up to 2.5% of the cost basis of loans and investments in active portfolio companies. However, if the total amount of capital under management exceeds $60 million, SBA policies require a proportionate reduction in the percentage rate down to a rate of 2.0% when the base is $120 million or more. SBA rules require that fees received under 13 CFR 107.860 of the SBA regulations (loan application or closing fees) must be paid directly to the SBIC fund or treated as an offset to management fees. During the nine months ended September 30, 2017, $95,995 of these fees were generated related to the closing of one investment. Pursuant to the Management Agreement, other fees received by the General Partner or AAVIN from any portfolio company reduce eligible management fees as well. Other fees received for the nine months ended September 30, 2017 were $147,129. Total offsetting fees to management fees for the nine months ended September 30, 2017 were $243,124.

During the years nine months ended September 30, 2017, management fees to AAVIN totaled $900,586(net of $243,124 in fees). Accrued management fees of $559,502 were payable to AAVIN at September 30, 2017.

Six of the limited partners of the Partnership are also members of the General Partner. One of the members of the General Partner owns 100% of AAVIN Equity Advisors, LLC.

The General Partner may elect to reduce up to 100% of management compensation that would be payable in order to satisfy the 1% capital contribution of the General Partner. The General Partner's total committed capital at September 30, 2017 total $207,050 with contributions to date totaling $108,701. Management fees waived to reduce contributions totaled $0 for the nine months ended September 30, 2017. Management fees totaling $83,201 have been waived since the Partnership commenced operations.

5. Syndication costs

Syndication costs of $41,632 were incurred in 2014 and are recorded as a reduction of partners' capital. These costs included $20,625 payable to Nations Financial Group Inc., a placement agent, and $21,007 payable to an affiliate, AAVIN. As of September 30, 2017, $9,281 is included in accounts payable to Nations Financial Group, Inc. and is being paid in quarterly installments of $1,031 through December 31, 2019.

6. Note payable

The Partnership has a revolving credit agreement with a bank that expires on August 17, 2018, which authorizes maximum borrowings of $4,000,000. Advances bear interest at 1.0% above the Wall Street Prime rate, adjusted daily. As of September 30, 2017, the Partnership had no outstanding balance under this agreement. Interest paid for the nine months ended September 30, 2017, under this agreement totaled $4,885.

7. SBA compliance

The SBA requires the Partnership to calculate a quarterly capital impairment ratio and notify the SBA if impairment exists. As of September 30, 2017, the fund was in compliance with its' permitted capital impairment threshold.

8. Partner capital commitments, contributions and unfunded commitments

At the inception of the Partnership, the partners entered into subscription agreements obligating the partners to purchase a partnership interest equal to an agreed upon amount of future total commitments. As of September 30, 2017, the amounts of contributions to date and remaining unfunded commitments are summarized as follows:

	September 30, 2017		
	General Partner	Limited Partners	Total
Commitments	$ 207,050	$ 20,500,000	$ 20,707,050
Contributions to Date	108,701	10,762,500	10,871,201
Unfunded Commitments	$ 98,349	$ 9,737,500	$ 9,835,849

Unfunded commitments are expected to be called over the next three to five years.
