INVESTMENT SUMMARY

BUSINESS SUMMARY

Standard Precast, Inc. ("SPI" or the "Company") is a manufacturer of complex precast concrete products for the infrastructure in construction projects used to collect, manage, and move water and wastewater from one location to another either for disposal and/or treatment and subsequent disposal as in sewage treatment facilities. The Company makes a large variety of specific products, with the majority of its' revenue is derived from box culverts, manholes, and inlets. Approximately 95% of revenue comes from these items in a large variety of sizes, shapes and configurations. The Company was founded in 1961 in Jacksonville and has operated continuously since that time.

FINANCING

The total purchased price for SPI was $18,007,074. The transaction was led by AAVIN and included AAVIN (AMF and AEP II) and Diamond State Ventures. Woodlake Advisors acted as the equity sponsor and received $400,000 for their services, $300,000 of which was reinvested in the Company. All investors received a 2% closing fee on their total investments. AAVIN and Diamond State Ventures will receive an annual management fee of $100,000 until a sale of the Company. Hancock Bank was the senior lender and provided a term loan of $9,000,000. Hankcock Bank received $53,750 in closing fees.

AAVIN INVESTMENT

AAVIN invested a total of $4,850,000 in this transaction. $2,910,000 is in a 5 year subordinated debenture that has a 12% current yield and 1% PIK interest. $1,940,000 of the investment is in equity securities with an 8% preferred return. AAVIN received a 2% closing fee on the total investment, and will continue to receive an annual management fee of $100,000 until the sale of the Company.

	5 Yr. 12% Sub Debt with 1% PIK	Preferred Equity	Total Investment	Ownership %
AMF	$2,069,010	$1,379,340	$3,448,350	31.86%
AEP II	840,990	560,660	1,401,650	12.95%
TOTAL	$2,910,000	$1,940,000	$4,850,000	44.81%

MANAGMENT

The current President and General Manager of the Company, Russel Smith, will remain with the Company and assist in transitioning his position to a new CEO within the next 1-2 years. In addition to the existing management team, a new CFO/Controller will also be hired as soon as possible after close.
